This map shows Penn State owned land that is referred to as the Musser Gap to Valleylands (MG2V) project.

Students conducted an initial study as part of a Landscape Architecture course in Fall of 2018. This work will continue with another LARCH course in the Spring of 2019 with the assistance of the ClearWater Conservancy.

This map is for reference only. It should not be used for planning purposes.

Map Created: January 2019
